Prior to any pest control work, an inspection may be conducted to determine the extent of the pest problem and appropriate action to be taken. If the inspection does not reveal evidence of a pest problem, it may be determined that pest control work is not appropriate. If problems are due to structural deficiencies or lack of sanitation, work may not be undertaken until problems have been resolved.

If your facility is not ready for service, **IT WILL NOT BE TREATED**. Preparation instructions will be provided when the treatment is scheduled. It is the legal responsibility of the Designated Contact Person named above to convey the information regarding the application to anyone likely to enter or occupy treated areas, including custodial staff and security personnel.
